It demonstrates respect for intellectual property, ownership of information, system security mechanisms, and the individual’s rights to privacy and freedom from intimidation, harassment, and unwarranted annoyance.

3. Users who do not comply with this policy may be subject to limitations on their use of the networks as determined by the appropriate supervising authority.

4. Users of the network services provided by the State of South Carolina, the State Technical College System and Denmark Technical College may be subject to monitoring for security and/or network management reasons. Users of these services are therefore advised of this potential monitoring by all three entities and agree to this practice.
