

Denmark Technical College

2007 – 2008 Audit

Denmark Technical College completed the 2007- 2008 Audit process by the September 30th state deadline.

The college received a clean opinion and there were no material findings. The institution finished the year with an approximate \$99,000 surplus.

The Executive Cabinet will immediately address audit findings with the assistance of the Wesley Peachtree Group and institutional staff.

Completing his first full year, Dr. John K. Waddell, President, stated, “We appreciate the auditors’ candid and thorough review of the institution. Like last year, we look forward to resolving the findings as quickly as possible.”
