Aerobics

10 hrs

Low-impact aerobics is a particularly good way for beginners and overweight people to start. In fact, many people continue to do only low-impact exercises because they find them more comfortable and because the possibility of injury is reduced. Walk briskly, arms swinging vigorously. Walking is inexpensive and requires no special equipment (except for a pair of comfortable shoes).

July 30-Aug 30 \$ 35.00 M,TH 5:30-6:30pm Bldg. 100
