Response 6: Total funds made available through the US Department of Education, were evaluated and we determined a maximum amount for which students were eligible by dividing it equally among eligible enrolled students; therefore, initially, each student was eligible to receive a maximum of \$835 under the CARES Act to assist with emergency needs related to the COVID-19 pandemic and subsequent shifts in instructional delivery, closure of residence halls, and other hardships as defined. All students received notice from Dr. Willie L. Todd, Jr., President and CEO and Ms. Avis Howell-Gathers, Vice President for Student Services via the Panther Notification System (PNS), email, the website at www.denmarktech.edu , telephone, and/or postal mail regarding eligibility for, availability of, and instructions for accessing emergency funds. Additionally, President Todd and VP Howell-Gathers co-hosted a virtual student body meeting to inform students of the CARES Act funds. Once the fall semester started, the \$835 limit was maintained; however, any currently enrolled students could submit their request for support.	
7. Instructions and guidance provided by the institution to students concerning Emergency Financial Aid Grants:	
Response 7: Guidance and instructions to students on eligibility, application, and required supporting documentation for Emergency Financial Aid appear on the institution’s website COVID-19 pages at https://www.denmarktech.edu/presidents-statement-on-covid-19/ and https://www.denmarktech.edu/cares-act-student-emergency-fund/ .
