

2023 - 2024 Standard Verification V1/V5

Your 2022-2023 Free Application for Federal Student Aid (FAFSA) has been selected for a process called verification. Federal law requires that an institution verify certain information that has been listed within the FAFSA before federal aid can be disbursed. To complete the federal verification process, the financial aid office will compare the information that has been listed on your FAFSA to the information listed on this worksheet along with other documents submitted. If there are differences, your FAFSA information will need to be corrected. Please complete this worksheet, sign, and submit to the Office of Financial Aid as soon as possible to prevent any delays in the disbursement of your aid.

- 1. It is required that you select the IRS Data Retrieval option on your FAFSA. This option will streamline and expedite your transmission of federal tax data. As a student selected for federal verification, if you do not wish to use the IRS Data Retrieval Tool or are unable to use the IRS Data Retrieval Tool to provide tax information, you will be required to obtain an official "IRS Tax Return Transcript" by logging into http://www.irs.gov or calling 1-800-908-9946.
- 2. Complete all sections of this worksheet and provide the required signatures. Do not leave any sections blank.
- 3. You are considered dependent if you were required to provide parental information on your FAFSA.
