Program Description: The General Technology major is an individualized course of study designed to train students for specific career and employment goals. The program is structured by the student with assistance from the student's advisor. The required core courses consist of primary and secondary technical specialties. The primary core consists of a minimum of 28 semester hour credits in a single content area from an approved degree, diploma, or certificate program. The secondary technical specialty consists of an additional 18 semester hour credits in another technical area. Additional courses may be identified to adapt the program to meet the needs of local employers and students. Courses from the College's associate degree, diploma, and certificate programs may be used to satisfy General Technology degree requirements.
